

BLD PROOF 150

DESCRIPTION

BLD PROOF 150 is a single pack highly elastic liquid waterproofing styrene acrylic emulsion designed for liquid roofing coating.

It is an excellent waterproofing material which does not age or harden, having good thermal tolerance and UV resistance.

USES

- Waterproofing roofs, plaza and car park decks.
- It can be used as protective UV resistance sleeve coat for costly resin or other vulnerable when exposed waterproofing system.
- Protective membrane for PU installation.
- For repairing of old or existing damaged waterproofing system.

ADVANTAGES

- Complete waterproofing
- Excellent elastic regain
- Flexible at low temperatures
- Superb adhesion to all sound roofing surfaces
- Outstanding exterior durability UV light, infrared and ozone resistance
- High resistance to dirt pickup hence long term reflectivity and lower air conditioning costs.
- Low toxicity and odor
- Low moisture vapor transmission
- Excellent film integrity
- Easy application
- Easy cleaning
- Pedestrian properties of the roofing membrane

APPLICATION

Ensure that the surface to be treated is free from any loose particles, dust, oil, dirt, extra cement blocks and especially sand. Clean a second time, using a soft broom or a vacuum cleaner, to make sure that the surfaces are absolutely dust free.
